MARSHALL STUDIOS, INC., wish to announce substantial reductions in the wholesale prices of Marshall Lampshades. These reductions, which in some instances amount to 35 per cent, have been made possible by lower material and labor costs.

This announcement comes, opportunely, at a time to let its benefit be enjoyed during the pre-Christmas season.

Among the new designs for the approaching season are several in the beautiful new Crystal Applique, developed by MARSHALL STUDIOS. This is a translucent applique in the background color and is especially effective in white and the pastel tints.

Revised prices of the current designs and sizes (nearly two hundred in all) are shown in the enclosed list. Prompt ordering will, of course, insure the earliest delivery and the full benefit of these changes.
