ABOUT THE WARE

All of the stoneware lamps, wood lamps, and lampshades shown in this catalog are manufactured at Marshall Studios, Inc. The majority of stoneware lamps are drain cast, but some are formed by pressing slabs of clay into plaster forms. Decorations on the stoneware lamps are done by hand, employing mainly incising, or etching through the glaze to the tan clay, and majolica, using glaze over a glaze. All of the wood lamps are made from black walnut, teak, maple or oak. The shade fabrics are carefully selected to blend with the lamp forms.

Stoneware naturally is subdued in color due to the high temperatures to which the ware is fired. Oxides which would give a bright color at lower temperatures become more earthy and subtle in feeling when fired to cone nine. This explains why most of the glazes in this catalog are in the brown and charcoal range. Because of the strength of cobalt and copper oxides many of the blues and greens shown are quite brilliant, and may be ordered when bright color is needed. We cannot produce bright red or orange glazes, however.

The stoneware lamps are designed by Gordon and Jane Martz, the wood lamps by Nicholas Marshall and Richard Lee.

GLAZE VARIATION: Because our ware is fired in periodic kilns, there will be some variation in glaze color from one firing to another.

All floor, table and wall lamps are U. L. approved. The lamps are equipped with 3-way sockets except where specially noted in price list.

The shades are made by hand, and the various textures and materials shown in the lamp photographs are interchangeable. Many of the shades in this catalog are handwoven at the Studio. We maintain a complete special order service on lampshades, with full information available upon request.

OUR STONEWARE ACCESSORIES AND TILE AND WALNUT TABLES ARE DESCRIBED IN SEPARATE CATALOGS WHICH ARE AVAILABLE UPON REQUEST.

ORDERING

DELIVERY: Our standard shipping date is approximately four weeks from receipt of your order. However, when items are ordered as shown in this catalog delivery time is lessened, as these pieces do not require special work which increases time of manufacture. Also during some special seasons such as Christmas, our delivery is somewhat slower due to a larger quantity of orders.

SHIPPING INFORMATION: Each order is shipped f. o. b. Veedersburg by the most economical means of transportation, according to weight and size. Please specify the carrier desired if you have a preference.

DAMAGE IN SHIPMENT: All of our stoneware is carefully packed when the order leaves our studio and is in perfect condition. If breakage occurs it is necessary for you to file your claim with the carrier to cover the loss.

CHANGING GLAZES AND DECORATIONS: Glaze color may be changed by making the second number of an item the number which corresponds to the color desired as shown on our glaze chart. These glaze changes may be had using any plain glaze at no extra charge. Our glaze chart may be ordered for a small charge upon request.

Decorations may be alternated by making the third number, or decoration number, correspond to the decoration wanted. Our decorations are shown in our "Glaze Color and Decoration Chart No. 22" and are preceded by the letter D, with the exception of decoration No. 125. Many of these decorations are available in different color combinations - please specify color to make certain the finished piece will be as wanted.
