ABOUT THE WARE

Stoneware naturally is subdued in color due to the high temperatures to which the ware is fired. Oxides which would give a bright color at lower temperatures become more earthy and subtle in feeling when fired to cone nine. This explains why most of the glazes in this catalog are in the brown and charcoal range. Because of the strength of cobalt and copper oxides many of the blues and greens shown are quite brilliant, and may be ordered when bright color is needed. We cannot produce bright red or orange glazes, however.

Also, though our ware is quite strong and vitreous, we cannot guarantee it when exposed to sharp temperature changes, such as from refrigerator to oven, or when used over direct heat. Its physical properties are similar to any good porcelain.

All of the items shown in this catalog are manufactured at Marshall Studios, Inc. The majority of pieces are drain cast, but some are formed by pressing slabs of clay into plaster forms. Decorations shown are done by hand, employing mainly incising, or etching through the glaze to the tan clay, and majolica, using glaze over a glaze.

The stoneware forms are designed by Gordon and Jane Martz, who studied ceramic design at Alfred University in Alfred, New York.

ORDERING

DELIVERY: Our standard delivery is approximately four weeks from receipt of your order. However, when items are ordered as shown in this catalog delivery time is lessened, as these pieces do not require special work which increases time of manufacture. Also during some special seasons such as Christmas, our delivery is somewhat slower due to a larger quantity of orders.

SHIPPING INFORMATION: Each order is shipped f.o.b. Veedersburg by the most economical means of transportation, according to weight and size. Please specify the carrier desired if you have a preference.

DAMAGE IN SHIPMENT: All of our stoneware is carefully packed when the order leaves our studio and is in perfect condition. If breakage occurs it is necessary for you to file your claim with the carrier to cover the loss.

SERVICE CHARGE: It is necessary to add a \$1.00 service charge to orders under \$10.00 to cover the cost of handling and packing.

SPECIAL SERVICE CHARGE: A charge of 10% is necessary when special orders (*items other than those shown in this catalog*) are cancelled. This 10% charge is also applied to ware that is not defective which is returned to us.

RETURNS: No merchandise may be returned without our written permission. When ware is returned, and if found defective or not as ordered, credit will be issued. In this case there would be no 10% handling charge.

GLAZE VARIATION: Because our ware is fired in periodic kilns, there will be some variation in glaze color from one firing to another.

Our stoneware lamps and tile and walnut tables are described in separate catalogs which are available upon request.

PLEASE NOTE:
Several price changes have been made in this catalog. Also, decorated and plain prices are given for each piece to simplify ordering.

ALL PRICES IN THIS CATALOG ARE RETAIL. PRICES ON EAST AND WEST COAST MAY BE SLIGHTLY HIGHER, DUE TO SHIPPING CHARGES.
